Time to Remove from Truck	30 min

CAMP WHEREVER YOUR TRUCK CAN TAKE YOU

The brand-new Model 5.0 is designed to fit all mid-size truck beds that are roughly 5' in length and have a more narrow bed than those on a full-size truck. The Model 5.0 presented many challenges. Most notable was how to get the interior standing height to 6' 6" when the overall length of the camper is only 5 feet. The solution is our extendable center bow system. Although the Model 5.0 is more narrow, all the same amenities are available. This camper turns your mid-size truck into a full-blown RV.

TRIM
