CAMP WHEREVER YOUR TRUCK CAN TAKE YOU

Destined to be our workhorse model, the Model 5.5 is designed to fit all trucks with a 5' 6" truck bed. This was the fourth model in our design queue, and like the 5.0 and 5.0 GLR, we shifted the toilet location to the passenger side wall to give more comfort when using the loo. We also shifted electronics, water tanks, and battery prep toward the front of the camper, which moves more weight in front of the truck's rear axle.
